IMPIANTI DI
VERNICIATURA
PER GRANDI MEZZI

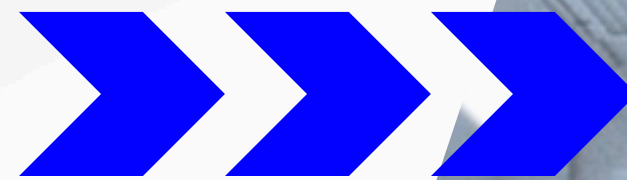

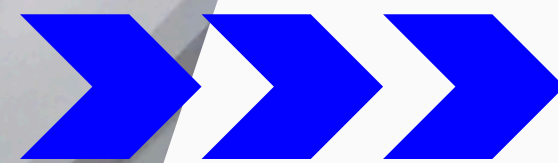

SOLUZIONI PERSONALIZZABILI

Impianti realizzati su misura per la verniciatura di veicoli di grandi dimensioni destinati al settore ferroviario, nautico, aero-nautico e veicoli pesanti.

Dalle classiche cabine MODULAR con ventilazione verticale alle versioni SEMI-DOWNDRAFT con ventilazione semiverticale, FAM offre un ventaglio di prodotti di tutti i tipi e dimensioni

- Tecnologia all'avanguardia
- Impianti "chinvì in mano"
- Soluzioni "custom" per soddisfare le esigenze specifiche di ogni cliente
- Design Made in Italy

OPTIONAL PRINCIPALI

- **VENTILAZIONE:** flusso verticale o semiverticale
- **ASPIRAZIONE:** opere civili; basamenti metallici; pedane aspiranti posizionate lateralmente o posteriormente
- **ILLUMINAZIONE:** 2/4 tubi LED da 10 W cadauno
- **GRUPPI TERMO VENTILANTI:** diretti o indiretti; batterie elettriche o ad acqua calda
- **GRUPPI ESTRATTORI:** a tasche filtranti o con carboni attivi
- **FRONTALI:** portoni frontali e posteriori; serrande motorizzate

CUSTOMISABLE SOLUTIONS

Custom-made Installations designed for the painting of large vehicles intended for the industrial sector including railway, naval, aircraft and heavy vehicles

From standard MODULAR spray booths with down draft ventilation to SEMI DOWN DRAFT version, FAM offers a range of products of all types and sizes.

- Advanced technology
- “Turnkey” plants
- “Custom” solutions to meet the specific needs of each customer
- Made in Italy design

MAIN OPTIONS

- **VENTILATION:** full downdraft or semi-downdraft airflow
- **ASPIRATION SYSTEM:** civil works; metal bases; side or rear suction walls
- **LIGHTING:** 2/4 LED tubes of 10 W each one
- **AIR SUPPLY GENERATOR UNITS:** direct or indirect units; electric or hot water batteries
- **EXHAUST UNITS:** equipped with pocket filters or activated carbon
- **DOORS:** front and rear doors; motorized rolling shutter doors
